RIMTRONIC RF

A digital upgrade to the rim locks on your doors, the Advantis Rimtronic RF is an evolved safety system that incorporates the latest technological advances and a complete keyless solution, for the benefit of your home's safety.

#### RFID CARD:

Register up to 100 cards for multiple user access.

#### ACCESS MODE:

4 to 12 digit password for enhanced password strength. Register up to 6 unique passwords.

#### ADJUSTABLE SPYCODE:

Random numbers can be added before or after the password in the presence of strangers, thereby maintaining secrecy.

#### LOW BATTERY INDICATION:

A beep sound alerts you in advance to replace the battery.

#### FIRE SENSOR:

Automatically unlocks the door in case of a fire i.e. when the temperature inside the house rises above 65 degree Celsius.

#### AUTOLOCKING:

Eliminates the hassle of manually locking the door.

#### COMPATIBILITY:

The lock is compatible with the remote and video door phone for ease of operation.

#### EMERGENCY BATTERY

In case the battery is completely discharged, an external 9V battery can be used to operate the lock.

#### MULTI-LEVEL VOLUME CONTROL:

Adjustable volume with mute function for silent operation.

#### BREAK-IN DAMAGE ALARM:

If password is entered incorrectly or incorrect RFID is used 5 times in a row, an alarm will go off.
